## COMMENTS FROM THE CHAIR

*Rochelle Harris, Ph.D.  
Chair*

On behalf of SCOP, I send greetings and an overview of our recent activities and of upcoming events. The Committee has two new members, Daniel Orme from Columbia and Jerrell Driver from Cape Girardeau. Tom Copeland, Glenn Good, and Vetta Sanders Thomson have completed their board service, although Glenn Good graciously assists when needed, as there remains one unfilled seat on SCOP.

Last March, Melba Vasquez, PhD, and Rodney Goodyear, PhD came to Missouri and presented at the free continuing education workshops provided by the Committee. Dr. Vasquez spoke about ethics while Dr. Goodyear presented on issues relating to supervision. This coming March, the Committee will again offer an ethics workshop in St. Louis, Columbia, and Kansas City.

SCOP timed its meeting last spring to coincide with the MOPA convention in Kansas City. Two question and answer sessions were provided by committee members, for psychologists attending the convention. One of the sessions addressed issues relevant to newly licensed psychologists, including clarification of the differences between MOPA (an advocacy association for Missouri psychologists) and SCOP (which is charged with regulating the profession of psychology for the protection of Missouri consumers of psychological services).

A number of rule changes were proposed by the Committee and will become effective the end of February. While psychologists will continue to be required to complete forty hours of continuing education every two years, the rules were clarified to better explain the categories of continuing education programs and credits. The other proposed changes are to the ethical rules of conduct. Additional rules address areas such as adding new services and techniques, maintenance and retention of records, prohibited relationships, fabrication of data, and providing supervision.

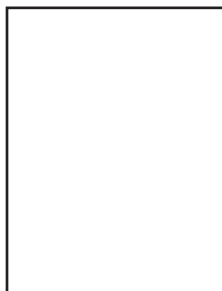

The Committee continues to benefit from the outstanding support and assistance of Pamela Groose (Executive Director), Tammy Mouden (Administrative Assistant), and Rhonda Robinett-Fogle (Licensure Technician II). Do not hesitate to contact them with any questions or comments (573) 751-0099. I have appreciated the opportunity to serve as a member, and currently as chairperson of the SCOP.

## JERRELL DRIVER

After receiving his undergraduate degree in psychology at Southern Illinois University – Carbondale, Dr. Driver completed requirements for the Master's and Doctorate degrees at the University of Missouri – Kansas City campus. A forensically-oriented dissertation led to his subsequent development of an assessment protocol for Missouri-based competency- to-stand trial evaluations. Dr. Driver has been certified as a forensic examiner in Missouri, has presented a forensically-oriented seminar for MOPA members, and has developed a behavioral intervention procedure he identifies as "Assertive Fiscal Therapy."

Jerrell adheres to the scientist-practitioner model for assessment and intervention. He has, over a period of several years, programmed and integrated objective MMPI/MMPI-2 assessment data into a comprehensive

format which allows immediate review of both reliability and validity-related characteristics of the response set.

As a scientist-practitioner his current applied research interests include development of objective psychometric techniques for optimally matching psychoactive medications to specific psychological symptom clusters. He is also interested in development of empirically based statistical procedures such as regression weighting of MMPI/MMPI – 2 content scale items to enhance clinical predictions and positive therapeutic outcomes.

Jerrell's current practice is located in Jackson Missouri. He maintains membership in the Missouri Psychological Association, American Psychological Association, and Phi Kappa Phi.

# CITATION

## Allan G. Barclay

Learned scholar, valued teacher, innovative editor, respected professional leader, lifetime advocate for the mentally retarded and developmentally disabled: These are but a few of the professional accomplishments for which we honor Allan G. Barclay.

In the forty years since completing his doctorate at Washington University in St. Louis, Missouri, he has distinguished himself as a leader in American psychology. A Fellow of numerous APA divisions, he has served as president of three as well as National President of Psi Chi. He has made substantive contributions to the field through his services as an officer, director, or committee member, for a score of national and international professional organizations. As an advisor to governors' and presidents' commissions and advisory panels, such as the Joint Commission on Accreditation of Health Care Organizations, the Social Security Administration Children's Bureau, the National Institute on Child Health and Human Development, and the Executive Office of the President, he has brought knowledge and wisdom to the corridors of public policy. He has served unselfishly on numerous community agency boards with special concern for the mentally retarded and developmentally disabled, and for those suffering problems with mental health and substance abuse. Author of more than seventy publications, he has significantly advanced scholarly knowledge and professional practice of psychology. He has won and administered more than thirty research and service grants from both federal and state agencies. Most importantly, he has served as a mentor for more than sixty psychologists on thesis and dissertation research, and for countless more in his roles as editor and professional leader.

### From Dr. Danny Wedding

Dr. Barclay served as MOPA President on three different occasions, and he was deeply committed to the profession of psychology. In 1998 MOPA presented Dr. Barclay with the Richard Wilkenson Lifetime Achievement Award. Al was a passionate proponent of prescriptive authority for appropriately trained psychologist. He was a Fellow in APA and active in many of the Association's divisions. He served as President of Division 12 (Clinical). In 1984 he received the Severin Award for his contributions to the Department of Psychology at Saint Louis University. In 1995 Dr. Barclay received an award from Division 12 for Distinguished Contributions to the Profession of Psychology. Dr. Barclay served as editor for the journals *Pediatric Psychology* and *Professional Psychology: Research and Practice*.

In 2000 Dr. Barclay received the APA Award for Distinguished Contributions to Public Service. It is described below:

- ♦ **Award for Distinguished Professional Contributions to Public Service: Allan G. Barclay.**  
from *American Psychologist*. 2000, 55(11), 1313-1315

Recognizes Allan G. Barclay with the 2000 Award for Distinguished Professional Contributions to Public Service. The award was given for his lifelong advocacy for the mentally retarded and developmentally disabled, his years of service as a child clinical psychologist, and his efforts on behalf of the profession of psychology at local, state, national, and international levels. He has worked to advance human welfare by establishing public policies and practices that promote humane and meaningful assessment and treatment for children with developmental disabilities. (The citation that accompanied this award is posted below.)

Allan Barclay was a prolific scholar and the author of *Critical Issues, Developments, and Trends in Professional Psychology*. He served as a Special Consultant to the Executive Office of the President's Committee on Mental Retardation during the administration of President Kennedy, and he was a long-time consultant to the U.S. Children's Bureau and its Maternal and Child Health programs for people with mental retardation.

Numerous Missouri psychologists were trained by Dr. Barclay when he was associated with Saint Louis University. He served as Vice-President for Research at SLU, but eventually left the university to help Ron Fox set up a professional school of psychology at Wright State University. Dr. Barclay returned to Saint Louis after retiring from Wright State and bought a home in University City; he shared this home with his wife Audrey until her death several years ago.

**Letter to all MO psychologists from MoPA-RxP Task Force,**

MoPA and APA through the activity of MoPA-RxP Task Force on behalf of all MO psychologists are working to promote the passage of legislation to allow specially trained psychologists privileges to prescribe psychotropic medications. This law would add a category to the license law allowing these privileges. It would not change the basic law nor effect non-prescribing psychologist's license.

Approximately one third of Missouri psychologists belong to MoPA. The other two thirds are not on the organization's mail list and are not receiving ongoing information on this topic. Because this law will be a component of the license law and be of interest to all psychologists SCOP has consented to this article. However they do not release phone numbers or email addresses. Therefore, the MoPA RxP Task Force is requesting that you call, email, or mail to us your contact information. We strongly request that you provide us with your email address as this is the most efficient method to provide information to the total group in an ongoing manner.

The purpose is to inform all MO psychologists of developments in the ongoing RxP effort and to be an information clearing house. It does not matter if you belong to MoPA or APA. We will simply provide information as to the status and content of the issue and the legislation. Those wishing a greater advocacy role will also have that opportunity.

**PLEASE CONTACT US AT ANY EMAIL ADDRESS ABOVE OR DIRECTLY AT MOPA.** www.mopsych.org.

Thank you,

MoPA RxP Task Force

## WHAT IS THE CERTIFICATE OF QUALIFICATION IN PSYCHOLOGY (CPQ)?

ASPPB's CPQ program is designed to facilitate mobility for licensed doctoral psychologists.

ASPPB issues a Certificate of Professional Qualification in Psychology (CPQ) to psychologists licensed in the U.S. and Canada who meet standards of educational preparation, supervised experience, and examination performance, and who have practiced a minimum of five years and have no history of disciplinary action.

ASPPB then encourages licensing boards to accept the CPQ as evidence of eligibility for licensure. Through the CPQ program, ASPPB works to improve the process for licensing psychologists already licensed in one jurisdiction and ease the burdens on psychology licensing boards faced with regulating an increasingly mobile profession.

A key feature of the CPQ program is its credentials bank, which provides a way for psychologists to store evidence of their professional education, experience, prior licensure, and exam performance, regardless of whether they are granted a CPQ. Once archived, this information can be accessed and submitted to any psychology licensing board, thereby reducing potential hassles associated with documenting compliance with licensure criteria, particularly long after one's training and initial licensure. It is important to note that the CPQ does not constitute a license to practice. It is a mechanism to facilitate the granting of a license to practice in a second or subsequent jurisdiction. Once a psychology board agrees to recognize the CPQ, it has agreed to accept CPQ holders' educational preparation, supervised experience, and examination performance for licensure. A jurisdiction may require a CPQ holder to pass local requirements such as a jurisprudence exam (e.g. local mental health law), training on abuse reporting, or a personal interview.

Because a few jurisdictions limit licensure to psychologists trained as health service providers in psychology, a non-health service provider psychologist could obtain the CPQ yet not be eligible for licensure in some jurisdictions. ASPPB is working with all U.S. and Canadian psychology boards to encourage widespread adoption. As more jurisdictions move to accept the CPQ, its value in facilitating mobility will increase. And even if one relocates in a jurisdiction that does not accept the CPQ, a credentials record with ASPPB will facilitate mobility by maintaining an easily accessible record of qualifications.

To request application materials, send e-mail containing your name and postal address to [cpq@asppb.org](mailto:cpq@asppb.org).

## DIVISION DIRECTOR'S NOTE

by: David Broeker, Division Director

My sincere appreciation to Governor Blunt for having appointed me the Director of the Division of Professional Registration beginning July 2. It is certainly a pleasure to serve in this position.

For the last 14+ years I owned and operated my own business in Jefferson City. Prior to that, I spent 17 ½ years in state government; in the Governor's Office, State Auditor's Office, and the Department of Agriculture.

As you probably know, the Governor issued Executive Order 06-04 on February 1, 2006, that created the Department of Insurance, Financial Institutions, and Professional Registration. By a Type III transfer our division became a part of this new department on August 28. A Type III transfer is the transfer of a department, division, agency, board, commission, unit, or program to the new department with only such supervision by the head of the department for budgeting and reporting. The Division of Professional Registration was previously a division within the Department of Economic Development.

I am most grateful to the Division's and Boards' staff for the support, advice, and counsel they have given me. This is truly a great group of people.

I look forward to working with all my associates in Professional Registration and continuing the excellent service the entire division has given the approximately 400,000 Missourians who are licensed and regulated and who represent 240 different trades and professions.

Please feel free to contact me if I can be of assistance to you. I look forward to working with you in the years to come.

# MOVING?

**PLEASE NOTIFY THE  
BOARD OFFICE OF  
YOUR NEW ADDRESS.**

The rules and regulations require all licensees to notify the Division of all such changes by sending a letter to the office in Jefferson City, Missouri. Please include a street address to facilitate any express mail deliveries.
